The Chrysalis Project: Art and Conversation

GaDuGi Groups are supported by the Office of the Kansas Attorney General
and the Kansas Health Foundation

Art and Conversation:

1st Saturdays 1:00 to 5:00

Art and Conversation is a friendly gathering for women high school age and above who are in recovery from the experience of sexual violence in their lives. It is a safe place to talk and share through the making of art and creative writing. No previous art experience is needed. Join us in sharing food, making art, and being with a great group of people.
